

FORENSIC ENGINEERING TECHNICAL GROUP
AMERICAN SOCIETY OF CIVIL ENGINEERS LOS ANGELES SECTION

January Meeting

**“Digital Aerial Photography, GIS, and The Soledad Mountain Landslides,
La Jolla, California”**

January 12, 2010

Speaker: Mr. Woodrow “Woody” Higdon, President, Geo-Tech Imagery

PROGRAM

Mr. Higdon is the President of Geo-Tech Imagery, a company that has specialized in land use imagery for the past thirty years. He has been involved in planning, generation, analysis, and reproduction of images for all aspects of land use from acquisition through investigation, construction, litigation, and marketing, to final sale documentation.

Mr. Higdon will discuss the use of GIS and digital aerial photography and interpretation of current and historic photographs. Importantly, he will talk about what you need to know to get the most out of obtaining and using digital air photos for analysis, presentation, and use with an emphasis toward GIS. He will present a case study on the use of GIS and digital aerial photography for the Soledad Mountain Landslides in La Jolla, CA.

SOCIAL ~ 6:30pm

DINNER ~ 7:00pm

PROGRAM ~ 7:30pm

Location: Long Beach Marriott, 4700 Airport Plaza Drive, Long Beach, CA 90815

RSVP by **January 8, 2010** to Steve Helfrich, steve@helfrich-associates.com, (909) 389-7316.

Include your name, company affiliation, a telephone number, the number of reservations and your entrée choice (chicken or vegetarian options).

Please understand that when you make a reservation we expect you to attend the event and we place a dinner order for you. If you cannot make it, please let us know at least 24 hrs in advance so that we can adjust our dinner order. If you fail to show up without prior notice we will have no choice but to charge you for the event to avoid our financial loss.

Dinner cost is \$35 by January 8, 2010, \$40 at the door. *Half price for students.*
